<b>Senior Seminar</b>	12th grade Requirement	.5	.5
<b>Electives</b>	Various	.5-1 Each	4.5
<b>Total Units Required for Graduation</b>			<b>26</b>

### College Admission Standards

Including the classes that Regina requires for graduation, there are other courses students may need to prepare for their future. Because many Regina students are interested in furthering their education after high school, we encourage students to add other core courses to their schedule, as their schedule allows. Below are the admission requirements at Iowa's three state universities, which may be similar at other colleges and universities around the state and nation. It is recommended that students look carefully at the admission standards for all colleges and universities they may be considering.

Core Courses	Optimum Requirements For Admission
<b>English</b>	4 years with an emphasis on the communication skills of writing, reading, and listening, and the analysis and interpretation of literature.
<b>Mathematics</b>	4 Years, one in each year of high school. This must include two years of Algebra and one of Geometry. It is highly recommended to gain an understanding of Trigonometry and/or Calculus.
<b>Science</b>	4 years, one each year of high school. To be really well prepared a minimum of one year of Biology, Chemistry and Physics.
<b>Social Studies</b>	3 years, one year each of World History and U.S. History. Additional courses in Economics, Government and Psychology will give the incoming student an advantage.
<b>Foreign Language</b>	2 Years of a single foreign language is required for admission to the College of Liberal Arts at The University of Iowa and Iowa State University. No foreign Language is required for Admission to The University of Northern Iowa. 4 Years of a single foreign language is the optimum recommendation.

### The Regents Admissions Index (RAI) Calculation for non-ranking schools

3x ACT composite +  
 30x High School GPA +  
5x High School Core Courses =  
 The RAI Score

A resulting score of 245 or greater — along with completion of the minimum required courses — would guarantee an Iowa student admission to any of the regent universities (Iowa, Iowa State, UNI). For more information, visit <http://www.regents.iowa.gov>
