**AP Courses:**

AP Courses are college-level, Advanced Placement Courses. These courses allow students the challenge of a college-level course, while also gaining credit toward high school graduation. Students should be ready for the rigorous constraints of a college-level course before enrolling. Students who elect to take an AP course, are committed to taking the AP exam in May. If a student successfully completes the AP course with a C or above, and completes the AP exam, a weighted GPA will be earned for each semester's AP course. The weighted grading system takes into account the additional workload.

A	B	C	D	F	I
4.50	3.25	2.10	1.00	.00	none

See the AP Profile for a full list of available AP Courses.

Due to the rigorous nature of AP courses, students are to discuss their AP readiness with their AP teacher. Their AP teacher must mark their signature below as an indication of approval to enroll in an AP Course.

AP Course Title	AP Instructor Signature

**Math Options:**

Algebra 1, Geometry, Algebra 2, Probability & Statistics, Pre-Calculus, Calculus, AP Calculus AB, AP Calculus BC, AP Statistics Online, Kirkwood or UI Courses

**Science Options:**

Earth & Space Science, Biology, Chemistry, Anatomy & Physiology, Physics, PLTW Biomedical Science, PLTW Human Body Systems, AP Biology, AP Chemistry, Kirkwood or UI Courses

Full course descriptions can be found in the *Course Description Guide* at *Regina.org*. See Mrs. Zoulek for any further questions or clarifications.
