

12th Grade Registration Information for 2023-2024

We are so excited to plan for another school year. Every spring and summer our administration works diligently to create a schedule that works for each student.

This document is information for the planning process. During a class meeting, the students will select their classes online.

General information:

- There are 8 class periods. Students must have 7 of the 8 class periods filled with academic courses each semester. An academic course is defined as a course where students can earn credit. The remaining 1 class period can be filled with learning center time, a study hall, early release or late arrival. Students may have all 8 class periods filled with academic coursework.
- Students must register for at least 7.0 credits per year and no more than 8.0 credits per year (unless adding an Early Bird Choir class).
- Most classes are scheduled for both A and B days. Senior Seminar and PE are courses on an alternating day schedule (i.e. Senior Seminar on A days and PE on B days) throughout both semesters.
- The *Course Description Guide* at Regina.org is available to review the full course descriptions, typical sequences and additional information.
- This registration request process allows Regina to best plan for teacher and section numbers. It is important to register for the classes you intend to take. Course offerings may change based on student interest and teacher availability.
